

# Pesticide Pete In 3D

## How To Play

1. A swarm of nasty ol pests will spawn somewhere on the globe that is your corn field.
2. Protect your cornfield at all costs!
3. Drag around your cornfield to identify any pests.
4. Click on the pests to hit em with pesticides!
5. The pesticides instantly kill them darn pests.
6. Keep killing the swarms of pesticides to win!
7. If a swarm of pests overwhelm half of your cornfield, you lose a life and must defend the other half!
8. The quicker you kill the pests, the higher your score!
9. The higher the score the better you did, yeehaw!
10. Press the restart button to play again and again and again!
11. Never stop playing Pesticide Pete In 3D... or else.
